Forward-looking Statements

The information set forth herein contains "forward-looking statements." You can identify these statements by the fact that they do not relate strictly to historical or current facts or they discuss the business and affairs of CIM Commercial Trust Corporation ("CMCT", "CIM Commercial", the "Company") on a prospective basis. Further, statements that include words such as "may," "will," "project," "might," "expect," "believe," "anticipate," "intend," "could," "would," "estimate," "continue," "pursue," or "should" or the negative or other words or expressions of similar meaning, may identify forward-looking statements.

CIM Commercial bases these forward-looking statements on particular assumptions that it has made in light of its experience, as well as its perception of expected future developments and other factors that it believes are appropriate under the circumstances. These forward-looking statements are necessarily estimates reflecting the judgment of CIM Commercial and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements are subject to risks, uncertainties and other factors, including those set forth in CIM Commercial's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, the Registration Statement on Form S-11 (Reg.

CMCT

No. 333-210880) relating to the Series A Preferred Stock, and the Registration Statement on Form S-3 (Reg. No, 333-203639) relating to the sale of common stock by a selling shareholder.

As you read and consider the information herein, you are cautioned to not place undue reliance on these forward-looking statements. These statements are not guarantees of performance or results and speak only as of the date hereof. These forward-looking statements involve risks, uncertainties and assumptions. In light of these risks and uncertainties, there can be no assurance that the results and events contemplated by the forward-looking statements contained herein will in fact transpire. New factors emerge from time to time, and it is not possible for CIM Commercial to predict all of them. Nor can CIM Commercial assess the impact of each such factor or the extent to which any factor, or combination of factors may cause results to differ materially from those contained in any forward-looking statement. CIM Commercial undertakes no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, except as required by law.

| Organization | 875+ employees (15 principals including all of its founders, 490+ professionals) ¹ |
| Office Locations | Headquartered in Los Angeles, California and has offices in Oakland, California; Bethesda, Maryland; Dallas, Texas; New York, New York; Chicago, Illinois; and Phoenix, Arizona |
| Partners & Co-Investors | Diversified institutional relationships with approximately half committing to multiple CIM products, along with an expansive retail base with more than 89,000 individual shareholders ¹ |
| Assets Owned and Operated As of July 2018. | \$28.6 billion ² |

^{2.} As of March 31, 2018. See "Important Disclosures" on page 32 and, in particular, the section "Assets Owned and Operated" for additional details

1

Diverse **Team** of In-House Professionals

- » Led by 15 principals (including the three original founders) with average CIM tenure of 15 years
- » Vertically-integrated, real asset owner and operator with expertise across inhouse research, acquisition, credit analysis, development, finance, leasing and asset management, working across multiple markets, asset classes and strategies
- » Investments team responsible for entire life cycle of each asset; compensation is directly aligned with that of CIM's partners and co-investors

2

Commitment to Community

- » Sector-agnostic focus on specific urban submarkets ("Qualified Communities") exhibiting:
 - Market values that are below long-term intrinsic values; or
 - Underserved or transitional areas with dedicated resources that CIM believes will lead to outsized rent growth and/or capital appreciation
- » Extensive capital deployment in Qualified Communities has yielded long-term relationships and a proprietary origination channel
- » Bring goods, services, employment and support needed for communities to be successful

3

Disciplined Approach

- » Regardless of the market cycle, CIM employed a strict discipline in qualifying communities, as well as underwriting projects and potential acquisitions
- » CIM employs detailed underwriting, conservative leverage and proprietary research

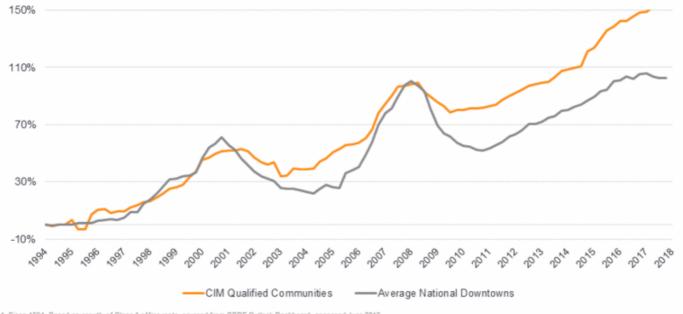

Community Focused Strategy - CIM Qualified Communities

CIM qualifies communities for acquisition (114 qualified to date, 68 with deployed capital). CIM Qualified Communities exhibit strong growth trends, which CIM believes will lead to outsized rent growth and/or capital appreciation.¹

» Since initial acquisition, CIM's Qualified Communities have outperformed average national downtowns by over 50%1

 Based on cash and segment NOI.

 See "CMCT Net Asset Value and Pro-Forma Cash NOI" on page 6 for calculation of estimated NAV and "Net Asset Value" under "Important Disclosures" on page 32. The illustrative NAV per share at 2022 is based on a number of assumptions, including an increase in NOI at 5% per year, an annualized dividend rate of \$0.50 per common share and the capital structure of CMCT remaining unchanged from the date hereof. Any changes in these assumptions will affect the ability of CMCT to achieve the illustrative NAV per share. There can be no guarantee that CMCT will be able to achieve
- NOI growth of 5% per year. In addition, as discussed on page 13, CMCT is targeting a capital structure that is different from CMCT's current capital structure. Further, there can be no assurance that CMCT will maintain an annualized dividend rate per common share of \$0.50 per year. Trailing 12-month NOI excludes results for 1130 Howard Street, acquired in December 2017, and 9460 Wilshire Boulevard, acquired in January 2018. In May 2018, we completed a securitization of the unguaranteed portion of certain of our SBA 7(a) loans receivable with the issuance of \$38,200,000 of unguaranteed SBA 7(a) loan-backed notes. The SBA 7(a) loan-backed notes are collateralized by the right to receive payments and other recoveries attributable to the unguaranteed portions of certain of our SBA 7(a) loans receivable. The notes mature on March 20, 2043, with monthly payments due as payments on the collateralized loans are received. Based on the anticipated repayments of our collateralized SBA 7(a) loans, we estimate the weighted average life of the notes to be approximately 3 years.

Reconciliations and Important Disclosures

Net Operating Income Reconciliations (1/4)

CIM Commercial internally evaluates the operating performance and financial results of its segments based on segment net operating income, which is defined as rental and other property income and expense reimbursements less property related expenses and excludes non-property income and expenses, interest expense, depreciation and amortization, corporate related general and administrative expenses, gain (loss) on sale of real estate, impairment of real estate, transaction costs and provision for income taxes. For the lending segment, we define net operating income as interest income, net of interest expense and general overhead expenses. We also evaluate the operating performance and financial results of our operating segments using cash basis net operating income ("Cash NOI"). We define Cash NOI as segment NOI adjusted to exclude the effect of the straight lining of rents, acquired above/below market lease amortization and other adjustments required by GAAP.

Segment NOI and Cash NOI are not measures of operating results or cash flows from operating activities as measured by GAAP and should not be considered alternatives to income from continuing operations, or to cash flows as a measure of liquidity, or as an indication of our performance, or of our ability to pay dividends. Companies may not calculate segment NOI or Cash NOI in the same manner. We consider segment NOI and Cash NOI to be useful performance measures to investors and management because, when compared across periods, they reflect the revenues and expenses directly associated with owning and operating our properties and the impact to operations from trends in occupancy rates, rental rates and operating costs, providing a perspective not immediately apparent from income from continuing operations. Additionally, we believe that Cash NOI is helpful to investors because it eliminates straight line rent and other noncash adjustments to revenue and expenses. Below is a reconciliation of Cash NOI to segment NOI and net income attributable to the Company for the twelve months ended December 31, 2015, 2016 and 2017, and the six months ended June 30, 2018.

Assets Owned and Operated

Assets Owned and Operated (AOO) represents the aggregate assets owned and operated by CIM on behalf of partners (including where CIM contributes alongside for its own account) and co-investors, whether or not CIM has discretion, in each case without duplication. AOO includes total gross assets at fair value, with real assets presented the basis described in the Book Value disclosure and operating companies presented at gross assets less debt, as of March 31, 2018 (the "Report Date") (including the shares of such assets owned by joint venture partners and co-investments), plus binding unfunded commitments. AOO also includes the \$0.3 billion of AOO attributable to CIM Compass Latin America (CCLA), which is 50% owned and jointly operated by CIM. AOO for CMMT Partners, L.P. (which represents assets under management), a perpetual-life real estate debt fund, is \$0.4 billion as of the Report Date.

Book Value for each investment generally represents the investment's book value as reflected in the applicable fund's unaudited financial statements as of the Report Date prepared in accordance with U.S. generally accepted accounting principles on a fair value basis. These book values generally represent the asset's third-party appraised value as of the Report Date, but in the case of CIM's Cole Net-Lease Asset strategy, book values generally represent undepreciated cost (as reflected in SEC-filed financial statements).

Net Asset Value (NAV) represents the distributable amount based on a "hypothetical liquidation" assuming that on the date of determination that: (i) investments are sold at their Book Values; (ii) debts are paid and other assets are collected; and (iii) appropriate adjustments and/or allocations between equity partners are made in accordance with applicable documents, as determined in accordance with applicable accounting guidance.

Net Asset Value

As of December 31, 2017, we have established an estimated NAV per share of Common Stock of \$23.96. Neither the Financial Industry Regulatory Authority nor the Securities and Exchange Commission provides rules on the methodology we must use to determine our estimated NAV per share. The determination of estimated NAV involves a number of subjective assumptions, estimates and judgments that may not be accurate or complete. We believe there is no established practice among public REITs for calculating estimated NAV. Different firms using different property-specific, general real estate, capital markets, economic and other assumptions, estimates and judgments could derive an estimated NAV that is significantly different from our estimated NAV. Thus, other public REITs' methodologies used to calculate estimated NAV may differ materially from ours. Additionally, the estimated NAV does not give effect to changes in value, investment activities, capital activities, indebtedness levels, and other various activities occurring after December 31, 2017 that would have an impact on our estimated NAV.

The estimated NAV per share of \$23.96 was calculated relying in part on appraisals of our real estate assets and the assets of our lending segment. The table "Estimated Net Asset Value" on page 6 sets forth the material items included in the calculation of our restimated NAV. We engaged various third party appraisal firms to perform appraisals of our real estate assets and the assets of our lending segment as of December 31, 2017. Except for one office property acquired in December 2017, which was based on the purchase price (including transaction costs that were capitalized and assumption of liabilities) negotiated with the unrelated third-party seller, the fair values of our investments in real estate were based on appraisals obtained as of December 31, 2017. The fair values of the assets of our lending segment were based on an appraisal obtained as of December 31, 2017.

The December 31, 2017 appraisals were performed in accordance with standards set forth by the American Institute of Certified Public Accountants. Each of our appraisals were prepared by personnel who are subject to and in compliance with the code of professional ethics and the standards of professional conduct set forth by the certification programs of the professional appraisal organizations of which they are members.
