Forward-looking Statements

The information set forth herein contains “forward-looking statements.” You can identify these statements by the fact that they do not relate strictly to historical or current facts or they discuss the business and affairs of CIM Commercial Trust Corporation (“CMCT”, “CIM Commercial”, the “Company”) on a prospective basis. Further, statements that include words such as “may,” “will,” “project,” “might,” “expect,” “believe,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue,” “pursue,” or “should” or the negative or other words or expressions of similar meaning, may identify forward-looking statements.

CIM Commercial bases these forward-looking statements on particular assumptions that it has made in light of its experience, as well as its perception of expected future developments and other factors that it believes are appropriate under the circumstances. These forward-looking statements are necessarily estimates reflecting the judgment of CIM Commercial and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements are subject to risks, uncertainties and other factors, including those set forth in CIM Commercial’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017, the Registration Statement on Form S-11 (Reg.

As you read and consider the information herein, you are cautioned to not place undue reliance on these forward-looking statements. These statements are not guarantees of performance or results and speak only as of the date hereof. These forward-looking statements involve risks, uncertainties and assumptions. In light of these risks and uncertainties, there can be no assurance that the results and events contemplated by the forward-looking statements contained herein will in fact transpire. New factors emerge from time to time, and it is not possible for CIM Commercial to predict all of them. Nor can CIM Commercial assess the impact of each such factor or the extent to which any factor, or combination of factors may cause results to differ materially from those contained in any forward-looking statement. CIM Commercial undertakes no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, except as required by law.

CMCT Thesis

CMCT

Resources & Expertise of CIM Group – Premier Institutional Owner Operator

- » Large-scale platform with vertically-integrated team
- » Proprietary “Qualified Community” methodology
- » Disciplined, relative-value owner operator with sightlines across all major U.S. urban markets

Class A and Creative Office Assets in Gateway Markets

- » Located in high barrier-to-entry sub-markets where CIM Group anticipates outsized rent growth
- » San Francisco Bay Area, Los Angeles, Washington, DC, and Austin

Strong Same-Store Growth Prospects

- » Same-store growth opportunity through increasing below-market leases to market rates
- » Value-add/ development opportunities

Maximizing Returns for Shareholders

- » Focused on growing NAV and cash flows per share of common stock while targeting a prudent capital structure consisting of ~45% common equity based on fair value
- » Since the beginning of 2014, have provided \$8.61 per share in regular dividends, special dividends, and a tender offer made available to all shareholders¹

1. CMCT is the product of a merger (the “Merger”) between CIM Urban REIT, LLC (“CIM REIT”), a fund operated by CIM, and PMC Commercial Trust in Q1 2014. Represents dividends declared on our common stock from January 1, 2014 through June 30, 2018. Excludes a special dividend paid to PMC Commercial Trust’s shareholders in connection with the Merger, but includes 2014 dividends received by CIM REIT shareholders prior to the Merger and dividends on convertible preferred stock received by Urban Partners II, LLC, an affiliate of CIM REIT and CIM Group, L.P., on an as converted basis, in the Merger. The per share equivalent in proceeds from the tender offer is \$2.15, calculated by dividing \$210,000,000, the amount used by CMCT to purchase shares of common stock of CMCT in the tender offer, by 97,676,197, the number of shares of common stock outstanding immediately prior to such tender offer. The amounts of regular and special cash dividends per share are based on the number of shares outstanding as of the applicable record dates. Past performance is not indicative of future results.

Cumulative Return from Dividends^{1,2}

Cumulative Return from Change in NAV per Share^{2,3}

1. Return based on cumulative regular and special dividends since March 31, 2014, divided by initial net asset value ("NAV"), from March 31, 2014 to June 30, 2018.

2. Please see "Net Asset Value" under "Important Disclosures" with respect to the methodology of the calculation of NAV of CMCT.

3. Returns based on change in NAV per share from March 31, 2014 to June 30, 2018.

4. "U.S. Office REITs" reflects the weighted average historical stock price and NAV performance of the companies included in the SNL US REIT Office Index as of June 30, 2018 based, for all periods indicated, on the weights attributed to each such company by such index as of June 30, 2018. The SNL US REIT Office Index is an index of certain publicly traded office REITs in the United States. The characteristics of the portfolios of assets of such companies included in "U.S. Office REITs" may differ significantly from the characteristics of CMCT's portfolio of assets. "U.S. Office REITs" may therefore not be an appropriate benchmark for the performance of CMCT. Past performance is not a guarantee of future results. The data used in this chart is derived from SNL and filings with the U.S. Securities and Exchange Commission.

1. Total return includes changes in stock price or net asset value ("NAV") per share, as applicable, and includes all dividends declared and paid with respect to the Company's common stock from March 31, 2014 to June 30, 2018.
2. Please see "Net Asset Value" under "Important Disclosures" with respect to the methodology of the calculation of NAV of CMCT.

Office Hotel

1. Metrics exclude the lending segment and any assets sold prior to June 30, 2018.
2. 9480 Wilshire Boulevard was acquired in January 2018 and is included in Q2 2018 metrics. 1130 Howard Street was acquired in December 2017 and is included in 2017 metrics. The annualized rent as of December 31, 2017 for 12,944 rentable square feet of 1130 Howard Street was presented using the actual rental income under a signed lease with a different tenant who took possession in March 2018, as the space was occupied by the prior owner and annualized rent under the short-term lease was de minimis.
3. Metrics exclude Sheraton Grand Hotel.
4. Historical occupancies for office properties are shown as a percentage of rentable square feet and are based on leases commenced as of December 31st of each historical year or, with respect to Q2 2018, as of June 30, 2018.
5. Historical Annualized Rent PSF represents annualized gross rent divided by total occupied square feet as of December 31st of each historical year or, with respect to Q2 2018, as of June 30, 2018. This amount reflects total cash rent before abatements. Where applicable, annualized rent has been grossed up by adding annualized expense reimbursements to base rent. Annualized rent for applicable office properties includes rent attributable to retail.
6. Excludes the lending segment. See "Pro-Forma Cash NOI" under "CMCT – Net Asset Value" and "Pro-Forma Cash NOI" on page 6 and "Net Operating Income Reconciliations" on pages 29-31.
7. 2 Kaiser Plaza was acquired in August 2015. The property is included in Pro-forma Cash NOI beginning on the acquisition date.
8. 1130 Howard was acquired in December 2017. The property is included in Pro-forma Cash NOI beginning on the acquisition date.
9. 9480 Wilshire Boulevard was acquired in January 2018. The property is included in Pro-forma Cash NOI beginning on the acquisition date.

1

Diverse **Team** of In-House Professionals

- » **Led by 15 principals** (including the three original founders) with average CIM tenure of 15 years
- » **Vertically-integrated, real asset owner and operator** with expertise across in-house research, acquisition, credit analysis, development, finance, leasing and asset management, working across multiple markets, asset classes and strategies
- » **Investments team responsible for entire life cycle of each asset;** compensation is directly aligned with that of CIM's partners and co-investors

2

Commitment to **Community**

- » **Sector-agnostic focus** on specific urban submarkets ("Qualified Communities") exhibiting:
 - Market values that are below long-term intrinsic values; or
 - Underserved or transitional areas with dedicated resources that CIM believes will lead to outsized rent growth and/or capital appreciation
- » Extensive capital deployment in Qualified Communities has **yielded long-term relationships and a proprietary origination channel**
- » Bring **goods, services, employment and support** needed for communities to be successful

3

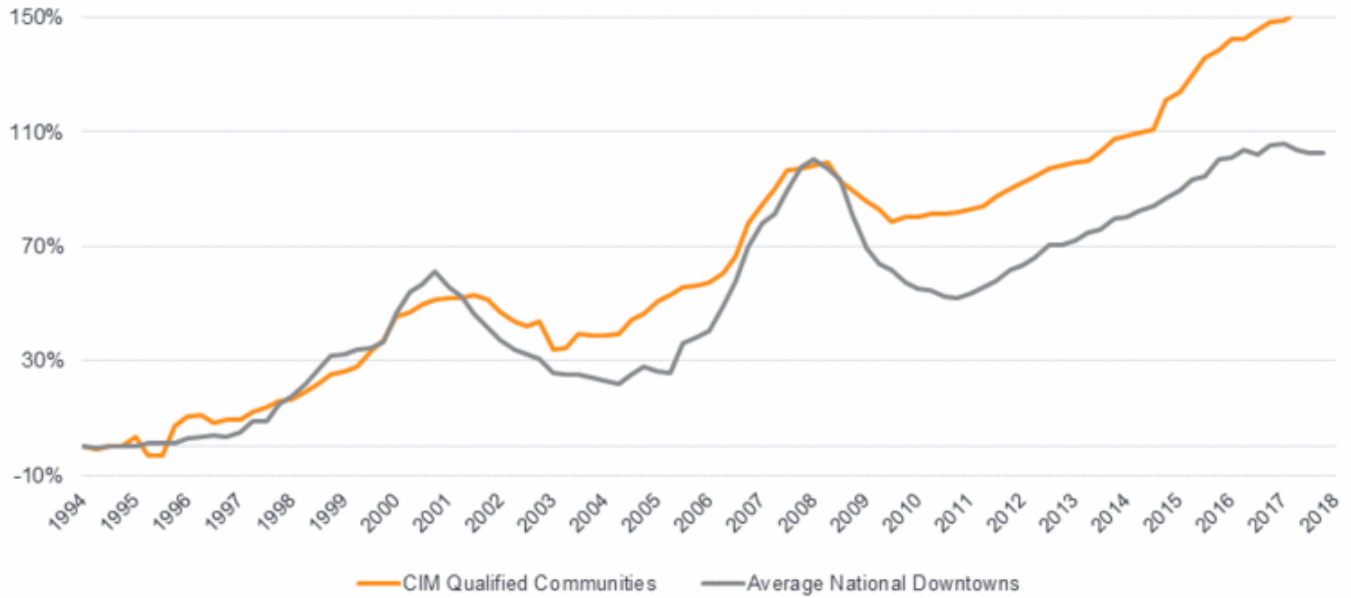

Disciplined Approach

- » Regardless of the market cycle, CIM **employed a strict discipline** in qualifying communities, as well as underwriting projects and potential acquisitions
- » CIM employs detailed **underwriting, conservative leverage** and **proprietary research**

CIM qualifies communities for acquisition (114 qualified to date, 68 with deployed capital). CIM Qualified Communities exhibit strong growth trends, which CIM believes will lead to outsized rent growth and/or capital appreciation.¹

» Since initial acquisition, CIM's Qualified Communities have outperformed average national downturns by over 50%¹

CMCT

Appendix

CIM believes that its community qualification process provides it with a significant competitive advantage when making urban real asset acquisitions.

- » Since 1994, CIM has qualified 114 communities in high barrier-to-entry markets and has owned and operated assets in 68 of those communities¹. The qualification process generally takes between six months and five years and is a critical component of CIM's urban asset evaluation.

CMCT

Reconciliations and Important Disclosures

CIM Commercial internally evaluates the operating performance and financial results of its segments based on segment net operating income, which is defined as rental and other property income and expense reimbursements less property related expenses and excludes non-property income and expenses, interest expense, depreciation and amortization, corporate related general and administrative expenses, gain (loss) on sale of real estate, impairment of real estate, transaction costs and provision for income taxes. For the lending segment, we define net operating income as interest income, net of interest expense and general overhead expenses. We also evaluate the operating performance and financial results of our operating segments using cash basis net operating income ("Cash NOI"). We define Cash NOI as segment NOI adjusted to exclude the effect of the straight lining of rents, acquired above/below market lease amortization and other adjustments required by GAAP.

Segment NOI and Cash NOI are not measures of operating results or cash flows from operating activities as measured by GAAP and should not be considered alternatives to income from continuing operations, or to cash flows as a measure of liquidity, or as an indication of our performance, or of our ability to pay dividends. Companies may not calculate segment NOI or Cash NOI in the same manner. We consider segment NOI and Cash NOI to be useful performance measures to investors and management because, when compared across periods, they reflect the revenues and expenses directly associated with owning and operating our properties and the impact to operations from trends in occupancy rates, rental rates and operating costs, providing a perspective not immediately apparent from income from continuing operations. Additionally, we believe that Cash NOI is helpful to investors because it eliminates straight line rent and other non-cash adjustments to revenue and expenses. Below is a reconciliation of Cash NOI to segment NOI and net income attributable to the Company for the twelve months ended December 31, 2015, 2016 and 2017, and the six months ended June 30, 2018.

Assets Owned and Operated

Assets Owned and Operated (AOO) represents the aggregate assets owned and operated by CIM on behalf of partners (including where CIM contributes alongside for its own account) and co-investors, whether or not CIM has discretion, in each case without duplication. AOO includes total gross assets at fair value, with real assets presented on the basis described in the Book Value disclosure and operating companies presented at gross assets less debt, as of March 31, 2018 (the "Report Date") (including the shares of such assets owned by joint venture partners and co-investments), plus binding unfunded commitments. AOO also includes the \$0.3 billion of AOO attributable to CIM Compass Latin America (CCLA), which is 50% owned and jointly operated by CIM. AOO for CMMT Partners, L.P. (which represents assets under management), a perpetual-life real estate debt fund, is \$0.4 billion as of the Report Date.

Book Value for each investment generally represents the investment's book value as reflected in the applicable fund's unaudited financial statements as of the Report Date prepared in accordance with U.S. generally accepted accounting principles on a fair value basis. These book values generally represent the asset's third-party appraised value as of the Report Date, but in the case of CIM's Cole Net-Lease Asset strategy, book values generally represent undepreciated cost (as reflected in SEC-filed financial statements).

Net Asset Value (NAV) represents the distributable amount based on a "hypothetical liquidation" assuming that on the date of determination that: (i) investments are sold at their Book Values; (ii) debts are paid and other assets are collected; and (iii) appropriate adjustments and/or allocations between equity partners are made in accordance with applicable documents, as determined in accordance with applicable accounting guidance.

Net Asset Value

As of December 31, 2017, we have established an estimated NAV per share of Common Stock of \$23.96. Neither the Financial Industry Regulatory Authority nor the Securities and Exchange Commission provides rules on the methodology we must use to determine our estimated NAV per share. The determination of estimated NAV involves a number of subjective assumptions, estimates and judgments that may not be accurate or complete. We believe there is no established practice among public REITs for calculating estimated NAV. Different firms using different property-specific, general real estate, capital markets, economic and other assumptions, estimates and judgments could derive an estimated NAV that is significantly different from our estimated NAV. Thus, other public REITs' methodologies used to calculate estimated NAV may differ materially from ours. Additionally, the estimated NAV does not give effect to changes in value, investment activities, capital activities, indebtedness levels, and other various activities occurring after December 31, 2017 that would have an impact on our estimated NAV.

The estimated NAV per share of \$23.96 was calculated relying in part on appraisals of our real estate assets and the assets of our lending segment. The table "Estimated Net Asset Value" on page 6 sets forth the material items included in the calculation of our estimated NAV. We engaged various third party appraisal firms to perform appraisals of our real estate assets and the assets of our lending segment as of December 31, 2017. Except for one office property acquired in December 2017, which was based on the purchase price (including transaction costs that were capitalized and assumption of liabilities) negotiated with the unrelated third-party seller, the fair values of our investments in real estate were based on appraisals obtained as of December 31, 2017. The fair values of the assets of our lending segment were based on an appraisal obtained as of December 31, 2017.

The December 31, 2017 appraisals were performed in accordance with standards set forth by the American Institute of Certified Public Accountants. Each of our appraisals were prepared by personnel who are subject to and in compliance with the code of professional ethics and the standards of professional conduct set forth by the certification programs of the professional appraisal organizations of which they are members.
